Platform

We choose Binance Smart Chain as the main platform rather than Ethereum for Yield farming because Ethereum has been facing extreme network congestion. Gas price has increased dramatically, even for simple transactions. Increasing the gas price has made it impossible for many users to use the Ethereum blockchain because it is no longer economically viable. Therefore, we choose the Binance Smart Chain platform, which will be better for all users of Chino Inu.

Why choose us

# Why choosing Chino Inu

## **Community Driven**

Making money is good, but making money together is even better. We choose to share our success with the world to enhance the living standards of communities, your families, and your bank accounts.

## **Transparency**

wBitcoin and Chino Inu will increase transparency in transactions by providing detailed and real-time logs of all transactions. We will be as transparent as possible while remaining competitive.

# Why choosing us

*Japanese Chin*

## **Low transaction fees**

Smart Chain's low transaction fees make transactions simple for everyone.

## **Stake Profit**

The profit (dividends) are accrued to your account on a daily basis and in real-time. You can withdraw the dividends at any time.
